

Respected FCC Members,

I have been hearing in the press that Sinclair Broadcasting has decided to force their stations to air an anti-Kerry documentary days before the election. This is a clear example of misuse of media powers.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we give them unprecedented ability to interfere with our democracy. We must keep this in mind as we decide on media consolidation. The license renewal process needs to involve more than a returned postcard. Thank you.
